Tuf-Cut™ Dark Pipe Thread Cutting Oil - 1 Gallon

Tuf-Cut Dark™ Threading Oil is a premium quality metalworking fluid formulated as an all purpose medium and heavy duty metal removal oil. It is an ideal oil for use in the shop where a number of applications are present thus reducing the number of oils needed.

- Container Size: 1 Gallon
- Dark Oil - Traditional high performance mineral oil formulated to produce superior quality threads on stainless steel and black pipe.
- Cools threads and pipe during operation
- Speeds metal removal
- Improves thread quality
- Sulphur added to prevent metal-tometal contact, and reduce friction and heat build-up.
- Chlorine added as a catalyst to activate the release of sulphur at an even lower temperature.
- Better lubrication and heat dispersion characteristics prevent binding and catching of dies.

CONTENTS: Refined petroleum distilate, and blended with proprietory additives known to contain sulfur, chlorine, a lubricity additive and trace of silicone polymers
